- Breakfast: You should eat 3 hours+ before the race
- Lunch: Light refreshments available after race. Bring your own lunch so that you can nourish your body as soon as possible after the race.
- Course setup: Those people who are doing course setup meet at Augustana at the "creek" on Friday at 4:30 pm to go out and set the course. Wear running gear and have an old pair of gloves along. You will also be responsible for flag and marker pickup after the race.
- Other responsibilities: Those people who are not helping set the course are responsible for being at the race start at 10:30 to help with any setup that might have to be done, and must stay after the race (up to 2 hours) to help with cleanup.
- Team picture: We will take our team picture after race awards. Please keep your singlet and running clothes on for this.
