 - > three of four weekly practices including Wednesday quality session for multi-sport athletes
 - 3 Grand Prix races
 - ACAC and CCAA Championships
 - general commitment to team
 - performance in 2 of first 3 races
 - winter term considerations
 - specific running training
 - 2 ACAC indoor track meets + ACAC indoor track championships
 - spring race
- Remarks:**
- run for enjoyment and personal improvement
 - warmup (jog, active/static stretching) *before and after* a run is recommended
 - alternate lower intensity workouts and higher intensity workouts
 - "cross-training" can be beneficial but it does not replace running
 - a little "core" work (*eg.* situps) can help your running
 - a watch with a chronograph/stopwatch feature is almost indispensable
 - lap and split features are really useful
 - *eg.* Casio F91W-1 or LA20WH-1C (\$20), Timex Sleek 50 (\$40 - \$60)
 - running with a heart rate monitor on occasion is useful - we have a number available to use (sign out from Gerhard)
 - generally transportation will be arranged to get everyone who wants to run to races - if more runners sign up for a race than we have transportation for, I will choose who goes based on order of signup / commitment / results / team balance / opportunity to run at least 2 races
 - team spirit (support, encouragement, advice, *etc.*) will make for a more enjoyable and successful experience - how will we cultivate this?
